

We greatly appreciate all supporters of Camp Galilee for making the 100th Birthday possible!

Galilee Episcopal Camp and Retreat Center has served as a safe haven for youth and adults to explore their individuality, deepen their connection to the natural world, grow in community, and take steps along their spiritual path. Galilee held its first service on August 8, 1920 and this coming year it will be camp's 100th Birthday. Camp Galilee has served over 125,000 people through both summer camp and retreat center, with 40% of our campers attending on some form of Campership funded by donations.

In August of 2020 we will be hosting a birthday celebration to commemorate the past 100 years and look into the future for the years to come. We are looking for support from local companies and vendors to make this celebration a hit.

Camp Galilee has been such a large part of people's lives over the past 100 years and we look forward to reaching and connecting with people for the next 100 years and beyond.

Business, Organization or Individual Name
